Runners must request forms

The Marathon Runners Club has announced that it is discontinuing the use of a mailing list for Seven Mile Bridge Run registration.

Due to problems with timely delivery of race applications, the club no longer will automatically send forms to runners.

"In fairness to all concerned, beginning with the 1991 run, all prospective applicants — including those who participated in this year's event — must submit with their request a self-addressed, stamped envelope," said a club spokesman.

"There will be no exceptions."

All applications will be mailed simultaneously when they become available. The first 1,500 completed applications received back by the club will earn starting places in 1991.

Mail requests to:
